LIVES  
STARTS AT**

**HOME**

*We invest in an extra layer of safety by making safe medication storage easy and convenient for you!*

## **LOCKING UP MEDICINE BENEFITS EVERYONE'S HEALTH AND WELL-BEING**

As a *Locks Save Lives Home* partner, we make safe and healthy homes our priority. We encourage safe medication storage and equip homes with a locking cabinet or drawer to provide families a secure and convenient place to store prescription and over-the-counter medications.

Safe medication storage benefits everyone's health and well-being<sup>1</sup> and is the single most effective deterrent to accidental poisonings, overdose, medicine theft, and misuse that can lead to prescription drug addiction.<sup>2</sup>
